

Ma 236 Homework 6

Due in class Monday, February 27

1. Find a formation tree for $\forall x (Wx \rightarrow Bx)$.
2. Use the formation tree from Part 1 to determine whether the sentence above is true or false in the following interpretation. Show your work.
 - (a) Domain is the class of all living things.
 - (b) Extension of B is all blue things.
 - (c) Extension of W is all winged horses.
